## PROFESSIONAL SUMMARY

Self-taught frontend developer with one year of hands-on experience building responsive websites using HTML, CSS, JavaScript, and Bootstrap. Background in environmental health and public health (B.Sc., diplomas) plus diverse work experience in government agencies, teaching, and tutoring — bringing strong analytical thinking, attention to detail, and communication skills. Currently deepening React knowledge. Eager to contribute to a junior frontend role and grow as a developer.

## TECHNICAL SKILLS

- **Languages & Markup:** HTML5, CSS3, JavaScript (ES6)
- **Frameworks & Libraries:** Bootstrap, Tailwind (basic), React (learning)
- **Tools:** Git, GitHub, VS Code, Chrome DevTools
- **Other:** Responsive design, DOM manipulation, working with APIs (basic)

## PROJECTS

### Who Wants to Be a Millionaire? (In progress)

**HTML, CSS, JavaScript | [GitHub](https://github.com/nellyblaze) (see portfolio)**

A browser-based quiz game inspired by the popular TV show. Implements complete question flow, answer selection, feedback, and **all three lifelines (fifty-fifty, phone a friend, ask the audience)**. Demonstrates DOM manipulation, conditional logic, and interactive UI. Audio implementation is partially in place; currently refining audio timing and eliminating lag.

### Finixio Website Clone

**HTML, CSS, Bootstrap, JavaScript | [GitHub](https://github.com/nellyblaze)**

Fully responsive clone of the Finixio website. Features working anchor tags, clean layout, and mobile-friendly navigation. Showcases ability to replicate modern designs and ensure cross-device compatibility.

#### **Bento Grid (Frontend Mentor Challenge)**

**HTML, CSS (Grid/Flexbox) | [GitHub](<https://github.com/nellyblaze>)**

Responsive bento-style grid layout built as a frontend mentor challenge. Uses CSS Grid to create an asymmetric, modern card layout that adapts seamlessly from mobile to desktop.

#### **Recipe Page (Frontend Mentor Challenge)**

**HTML, CSS | [GitHub](<https://github.com/nellyblaze>)**

Clean, responsive recipe page with semantic HTML and custom styling. Focus on typography, spacing, and accessibility.

### **WORK EXPERIENCE**

#### **Federal Aviation Authority of Nigeria (FAAN) – Environment Department | Feb 2025 – Feb 2026**

Assisted in digitalizing manual and non-automated processes, converting paper-based workflows into structured digital formats – an early exposure to process automation and data organization.

#### **Nigerian Port Authority | Jan 2024 – May 2024**

Supported general administrative and environmental compliance tasks during academic break.

#### **Primebrain Tutors – Tutor | Mar 2025 – present**

Tutor students in mathematics and computer science, breaking down complex concepts into simple steps – directly applicable to explaining technical solutions to non-technical teammates.

#### **Ministry of Environment | Sep 2021 – Jul 2022**

Provided support in environmental data collection and reporting, building attention to detail and analytical skills.

#### **Teaching Role (Secondary School) – Mathematics, Chemistry, Computer Science | Feb 2021 – Feb 2022**

Taught multiple subjects including introductory computer science, developing patience, clarity, and instructional design skills.

## **EDUCATION & CERTIFICATIONS**
